RULES ENFORCEMENT POLICY

The Board of Directors adopted Rules and Regulations to ensure harmony between neighbors. In the event there are individuals who have difficulty respecting the rules, the Board adopted the following enforcement policies to discourage discord and restore harmony in the community.

1. Violation Notice.
 - a. Reporting a Violation. Anyone reporting a violation of the rules must notify the Association's manager or the Board of Directors during regular business hours. No anonymous reports will be acted upon unless the information can be independently verified.
 - b. Determination of Merit. The Board reserves the right to determine whether the alleged violation has merit. If the alleged violation has merit, the person in violation will be contacted. If the problem cannot be resolved informally, formal proceedings will be initiated with a written notice to the person.
 - c. Notice of Hearing. A "Notice of Hearing" will be sent to the person stating the nature of the alleged violation, the provisions of the governing documents violated and their right to appear before the Board. The Notice will be sent at least 10 days in advance of the hearing.
 - i. Continuance. Upon timely written request (at least 5 days before a scheduled hearing) and for worthy cause, a party may be granted a continuance to a new hearing date. The Board cannot promise it can reschedule a hearing. In the event a person fails to appear for a hearing, the Board will review the evidence presented and makes its decision accordingly.
 - ii. Correction Prior to Hearing. In the event the violation is corrected prior to the hearing date, the Board may, if appropriate, discontinue the disciplinary proceeding.
2. Penalty Schedule. If the Board determines that a violation occurred, the following penalties may be imposed:

1st Violation.....	warning or fine up to \$200
2nd Violation (same offense).....	\$50 to \$200

3rd Violation (same offense).....\$100 to \$300

For a continuing violation including, without limitation, delinquencies in the payment of assessments, common area privileges may be suspended for as long as the violation continues with 15 days notice.

The Association may pursue one or more enforcement remedies simultaneously. The selection of one enforcement remedy does not preclude the Association’s right to pursue any other remedies including the initiation of Internal Dispute Resolution or Alternative Dispute Resolution proceedings or litigation.

3. Reimbursement Assessment. A reimbursement assessment may be levied against individual members to reimburse the Association for expenses it incurred correcting a member’s violation or repairing damage caused by the member or member’s, family, guests, or invitees.
4. Attorneys’ fees and costs incurred by the Association in enforcing the Governing Documents against an owner must become a charge against the owner in the form of a special assessment. The Association reserves the right to use any avenue of legal system to enforce the Governing Documents against an owner, including the collection of any fines imposed against an owner for violating the Governing Documents.
